WIRELESS POWERBANK

With a capacity of 10,000 mAh and an output of 20 watts (15 watts for wireless charging), this Fast Charge power bank won't let you down. The modern digital display keeps you constantly informed of the remaining battery level.

Equipped with SEMI-SOLID-STATE technology, it represents the next generation of battery technology: a more stable electrolyte ensures higher security, more controlled energy delivery, fewer losses and significantly less heat generation.

Available in black and white.

Finishing options:

CO_2 laser engraving up to 8 cm^2, pad printing S (2 colours), UV digital printing

EVERGREEN GO

This ultra-compact emergency power bank, with a capacity of 1,000 mAh, is designed to fit perfectly on your key ring. As compact as a car key, the Evergreen Go ensures you'll never run out of power whilst on the move. With enough power to charge an iPhone 16 by up to 25%, you'll always be prepared for an emergency.

The detachable USB-C to USB-C cable allows for flexible charging: use it directly with the power bank or remove it to use just the charging cable.

Finishing options:

4c UV digital printing
Branding area: 18 × 40mm

2-IN-1 LOCATOR TAG

This tool ensures that valuable items can reliably be tracked down. The smart 2-in-1 locator tag works with either the Apple® Find My® app or the Android® Find My Device® app and is officially licensed by both systems.

You simply select your preferred network during set-up, after which the app takes care of the tracking. Whether it's keys, luggage or a bike, your belongings can be tracked down almost anywhere.

Finishing options:

Pad printing in 1 or 2 colours,
UV digital printing
